Old Testament Survey Part 2

Teacher: Jim Hart

Room: 152A (Christian Ed Building)

The Old Testament is a history of redemption, showing the outworking of God's purpose in saving men through His Son, the Lord Jesus Christ. It shouts, "He is coming; He is coming!" In part 1 we looked at the books that make up the Law and the History. Join us as in part 2, we will examine the books of poetry and the prophets. It is always a joy to open the Bible and see what God would have us know and apply to our Christian walk.

Bible Doctrine, Church History and Key Biblical Principles

Teacher: Pastor Ron David

Room: 150 (Christian Ed Building)

This study will be an intertwining of Bible Doctrine, Church History and Key Biblical Principles as they form and command saving faith. The background book will be by Charles Ryrie entitled *A Survey of Bible Doctrine*. Books are available from Daniel Haldeman or Sheila Ross.

Redeeming Science

Teacher: Geoffrey Crawley

Room: 001A (Basement)

Our society's current concept of science will be examined to enable Christians to help others understand how it relates to God's truth and His revelation through the Bible along with common misunderstandings.

Great Characters of the Bible

Teacher: Steve Wright

Room: 152B (Christian Ed Building)

One of the ways God chose to teach His spiritual principles is through the successes and failures of His people. We will look at people who were not all that different from us. They experienced struggles, heartaches, successes, and failures. They battled fear, doubt, and worry. But they also give testimony to God's mighty hand moving through the ages, establishing His will through the lives of people like you and me. By studying and discussing these people and connecting them to our culture and current events, we will see how the Holy Spirit equips and empowers us for greater service.
